Appropriate engineering controls : Ensure good ventilation of the work station.		

Appropriate engineering controls Environmental exposure controls

: Avoid release to the environment.

Individual protection measures/Personal protective equipment 8.3.

Hand protection:

Chemically resistant protective gloves

Eye protection:

Chemical goggles or safety glasses. Eye protection, including both chemical splash goggles and face shield, must be worn when possibility exists for eye contact due to spraying liquid or airborne particles

Skin and body protection:

Wear suitable protective clothing

Respiratory protection:

In case of insufficient ventilation, wear suitable respiratory equipment
